

Forklift Magnetic Sweeper - MSW

Forklift Magnetic Sweeper

The FMM-1200-MSW forklift magnetic sweeper efficiently clears car parks, factory floors, and industrial areas of hazardous steel debris. Its corrosion-resistant, durable design reduces risks of tyre punctures and injuries.

Easily mounted on standard forks with a quick-release mechanism for fast cleaning. 1200mm wide span collects debris thoroughly.

Strong 90kg pull force ensures effective performance. Essential for safety in yards and warehouses.

Measurements	Magnet Width (mm)	Magnet Depth (mm)	Pull Force (kg)
FMM-1200-MSW	1200	76	90
Typical Applications			
Factory floors and manufacturing sites			
Car parks and loading bays			
Construction yards and demolition areas			
Warehouses and distribution centres			
Recycling centres and scrap yards			
Outdoor industrial hardstandings			
WARNING: Magnets may interfere with the function of cardiac pacemakers and implantable cardioverter-defibrillators (ICDs) as well as credit cards, watches and other electrical devices			
Minimum safe distance = 1m			

Fork Sizes

To Suit Max Forks

170mm x 45mm

Fork Spread (o/s-o/s)

1050mm

Weight

14kg

Features & Benefits

- Strong 90kg magnetic pull for effective debris collection
- Reduces tyre puncture and injury risks from steel hazards
- Corrosion-resistant and highly durable construction
- Quick-release mechanism for easy, fast cleaning
- 1200mm wide span for large-area coverage
- Eye bolt safety fasteners for secure forklift retention

Typical Usage

Nails and Screws

Metal Shavings

Steel Wire & Offcuts

Nuts, Bolts & Washers
