

GenieGrips® Loading Mirrors

GenieGrips® Loading Mirrors

GenieGrips® Loading Mirrors are a forward-view mirror system designed for forklifts. They allow drivers to clearly sight the tines and see around the load, significantly improving visibility and safety.

Available in SlimView and WideView options to suit different forklift configurations. Easy to install with durable construction for daily use.

Reduce damage to goods and infrastructure while enhancing driver confidence and operational efficiency.

Measurements	SLIMVIEW (cm)	WIDEVIEW (cm)
Whole Unit Width	25	35
Parabolic Lens Width	12.5	20
Parabolic Lens Length	40	40
Flat Mirror Width	13	13
Flat Mirror Length	29.5	29.5
Mounting Bracket Width	8.5	8.5
Mounting Bracket Length	27.5	27.5
Mounting		
Black Arms	PA6 GF15 (Polyamide 6 – 15% Glass Fibre)	
Yellow Housing	ABS (Acrylonitrile Butadiene Styrene)	
Black Housing	ABS (Acrylonitrile Butadiene Styrene)	
Brackets		
Material	Stainless Steel	
Coating	Black Powder Coating	
Mirror		
Material	Acrylic	
Temperature		
Range	-20°C to +80°C	

Features & Benefits

Clear sight of tines and around the load

Improves safety and reduces accidents

Prevents damage to goods and infrastructure

Easy installation on most forklifts

Reduces driver strain and fatigue

Optimises warehouse traffic flow and storage
