

Megasweep Forklift Sweeper

The Megasweep series is the sweeper of choice for the toughest industrial environments, delivering maximum sweeping power with no moving parts. Simple, reliable, and virtually maintenance-free.

Constructed from high-tensile steel shroud with powder-coated finish, it offers a safe, efficient design for commercial sweeping.

Ideal for soil, leaves, light snow, material spills, sludge, mud, wood chips, pallet scraps, steel shavings, and more.

Measurements	Width (mm)	No of Rows	Bristle Height (mm)	Weight (kg)
Megasweep-600	1525	11	280	94
Megasweep-720	1830	11	280	109
Megasweep-960	2400	11	280	143
Megasweep-1180	3000	11	280	200
Megasweep-1400	3600	11	280	240

Typical Applications

Soil, leaves, and snow clearance

Material spills, sludge, and mud removal

Wood chips, shrink-wrap, and pallet scraps

Steel shavings and general debris

Warehouse floors and outdoor yards

Scrap metal and recycling debris

Sand and building rubble and

Steel Shroud

4mm thick

Mounting Options

FSH-400 Fork Sleeve Hitch

FSH-200-A Fork Sleeve Hitch

TPH-200 3 Point Hitch

SQH-200 Quick Hitch

EVH-200 Excavator Hitch

Features & Benefits

- No moving parts – simple, reliable, virtually maintenance-free
- High-tensile steel broom head with heavy-duty powder-coated finish
- 11 rows of interchangeable polypropylene bristles for long-lasting sweeping
- Supplied with fork sleeve hitch (to suit 100mm wide forks) for safe retention
- Reduces accident risks in yards and warehouses
