

Tipping Skips - Auto Release Range

Tipping Skips - Auto Release Range

Our Auto Release Tipping Skips allow the forklift operator to tip the skip safely without leaving the cab, significantly improving efficiency and reducing risk during waste removal. Ideal for busy industrial environments, they help keep working areas clear and enable speedy transfer of scrap and rubbish.

Manufactured from 3mm gauge steel and supplied with castors as standard for excellent manoeuvrability. Features include full-width release handles and twin locking mechanisms for enhanced safety.
