

Tipping Skips - Packaging Range

Our Packaging Tipping Skips are specifically designed for high-volume, low-density waste such as cardboard, paper, and packaging materials. They feature 500mm mesh height extensions on three sides, providing significantly increased capacity without a major weight penalty.

Manufactured from 3mm gauge steel with full-width release handles and twin locking mechanisms for safe, efficient operation.

Ideal for maintaining clean workspaces and fast waste removal in manufacturing and distribution environments.

Model Ref	Volumetric Capacity (m ³)	Load Capacity (kg)	Weight (kg)
RFS 40LP	0.7	1000	147
RFS 80LP	1.4	1000	207
RFS 120LP	1.9	1250	222
RFS 160LP	2.5	1500	258

Dimensions	O/all Length (mm)	O/all Width (mm)	O/all Height (mm)	Bin Length (mm)	Bin Height (mm)	Fork Spread (mm)
* RFS 40LP	1360	800	1285	1195	1055	890
RFS 80LP	1720	960	1490	1545	1265	890
RFS 120LP	1720	1200	1490	1545	1265	890
RFS 160LP	1720	1720	1490	1545	1265	890

* For RFS 40L model, please note the overall width is 925mm. For all other models, the bin width is the widest point

150mm x 60mm

Features & Benefits

- 500mm mesh extensions on three sides – ideal for bulky, low-weight materials like cardboard
- Full-width release handle eliminates need to lean between skip & truck
- Heavy-duty underframes for long service life
- Twin locking mechanism ensures skip remains secure when loaded unevenly
- Pre-drilled castors plates for easy retro-fitment (no welding required)
- Safety security chain to ensure safe retention to lift truck
