

Tipping Skips - Lidded

Our Lidded Tipping Skips are designed for safe, efficient removal of scrap, waste, and debris while containing rubbish and controlling odours. Fitted with bi-parting folding lids, they help maintain clean working areas and allow quick, controlled tipping.

Manufactured from 3mm gauge steel with full-width release handles, twin locking mechanisms, and a heavy-duty underframe for durability and operator safety.

Available in capacities from 0.40m³ to 2.00m³, ideal for industries requiring odour control and secure waste handling.
