

Tipping Skips - Stainless Steel Range

Our Stainless Steel Tipping Skips are manufactured entirely from stainless steel, making them ideal for industries where corrosion resistance and minimisation of contamination are critical. They provide safe, efficient removal of scrap and waste while maintaining the highest hygiene standards.

Perfect for food processing, pharmaceutical, chemical, and other demanding environments requiring spark-proof and non-corrosive properties. ATEX certification is available on request.

Model Ref	Volumetric Capacity (m ³)	Load Capacity (kg)	Weight (kg)
RFS 40L-SS	0.4	1000	125
RFS 80L-SS	0.8	1000	175
RFS 120L-SS	1.2	1250	188
RFS 160L-SS	1.6	1500	219
RFS 200L-SS	2.0	1500	240

Dimensions	O/all Length (mm)	O/all Width (mm)	O/all Height (mm)	Bin Length (mm)	Bin Height (mm)	Fork Spread (mm)
* RFS 40L-SS	1360	800	780	1195	550	890
RFS 80L-SS	1720	960	985	1545	760	890
RFS 120L-SS	1720	1200	985	1545	760	890
RFS 160L-SS	1720	1720	985	1545	760	890
RFS 200L-SS	1720	2130	980	1545	760	890

To suit maximum fork section size 150mm x 60mm

* For RFS 40L model, please note the overall width is 925mm. For all other models, the bin width is the widest point

Features & Benefits

- Stainless steel construction – superior corrosion resistance & spark-proof properties
- Full-width release handle eliminates need to lean between skip & truck
- Heavy-duty underframes for long service life
- Twin locking mechanism ensures skip remains secure when loaded unevenly
- Pre-drilled castors plates for easy retro-fitment (no welding required)
- Safety security chain to ensure safe retention to lift truck

Options

Lids

Auto Release

Mesh Extensions

Castors

Lifting Lugs

Drain Tap & Filter

Applications

Food processing & pharmaceutical

Chemical & corrosive material handling

Marine & coastal applications

Hygiene-sensitive environments
