

Tipping Skips - Heavy Duty Range

Tipping Skips - Standard Range

Our Heavy Duty Tipping Skips are designed for safe and efficient removal of scrap, waste, and debris across a wide range of industries. Manufactured from robust 5mm gauge steel, they help maintain clean working areas and allow quick, controlled tipping.

Featuring full-width release handles, twin locking mechanisms, and a heavy-duty underframe, these skips offer excellent durability and operator safety.

Ideal for daily industrial use with capacities from 0.40m³ to 2.00m³.
