Features

Unrivaed Versatility: Equipped with a demountable caster wheel, this sack truck adapts to your needs, offering seamless transitions between upright and a stable 65-degree lean angle for enhanced control on inclines.

Built for Tough Jobs: With a spacious 500 x 170mm toeplate and robust construction, it's perfect for demanding environments, ensuring your goods are secure and your operations run smoothly.

Effortless Operation: The intuitive throttle handle and battery power meter keep you in control, while the forward and reverse variable drive reduces physical strain, boosting productivity and minimizing fatigue.

Long-Lasting Reliability: Backed by a 2-year warranty and a battery runtime of 2-3 miles (with an optional upgrade for double the range), the GoodsMan L is built to withstand years of heavy use.

British Innovation: Proudly designed and manufactured in the UK, this sack truck is protected by a UK patent, guaranteeing a unique, high-quality solution you won't find elsewhere.
