Wheel Dia (mm)	305
Capacity (kg)	500

Lean Angle : 10 degrees Upright and 65 degrees on support wheel. Supplied with strap

Features

Unmatched Strength: Boasting a 500kg capacity and a 130mm deep notched toeplate with a secure layback angle, this sack truck ensures your masonry loads stay firmly in place, even on uneven ground.

Terrain Mastery: Equipped with 305mm wheels, the GoodsMan M glides over grass, gravel, and rough terrain, making it ideal for outdoor and challenging environments.

Enhanced Safety: Featuring rubber toe protection and 1000mm high rubber tube protection, it prioritizes safety for both your cargo and your team. The 10-degree upright or 65-degree lean angle on the support wheel offers exceptional stability on inclines.

Effortless Loading: Integrated ramps streamline the loading process, saving time and reducing physical strain, while the throttle handle and battery power meter provide precise control for smooth operation.

British Craftsmanship: Proudly designed and manufactured in the UK, the GoodsMan M is backed by a 2-year warranty and built for lasting durability, ensuring a high return on investment.

Ready for Action: With a grab-and-go design and included strap, this sack truck is ready to deploy in busy environments, boosting productivity from day one.
