

Wheelie Bin 3 Powered Sack Truck

Transform the way you handle heavy wheelie bins with the GoodsMan W, a groundbreaking powered sack truck designed to make waste collection faster, safer, and more efficient. With a robust 500kg capacity and a patented grab-and-go system, this innovative machine is the ultimate solution for moving 240L and 360L bins—and can be adapted for 80L and 120L bins—perfect for food waste applications and demanding environments.

Model Ref	RH-MGB-W
Overall H x W x D (mm)	1370 x 580 x 540
Toeplate W x D (mm)	No toe plate
Wheel Dia (mm)	260
Capacity (kg)	500

Lean Angle : Upright and 55 degrees on support wheels
 Supplied without strap

Features

Game-Changing Efficiency: The patented grab-and-go mechanism parks the bin hinge against the wall, eliminating the need to manually handle heavy bins, saving time and reducing physical strain.

Unmatched Versatility: Designed for 240L and 360L wheelie bins, with adaptability for 80L and 120L bins (optional, price on application), the GoodsMan W is ideal for parks, commercial kitchens, and waste management facilities.

Superior Stability: The 3-wheel design with a drop-down spring-loaded foot bar makes tilting loaded bins onto the support wheel effortless, offering a stable 55-degree lean angle or upright position for maximum control.

Terrain-Ready Performance: Equipped with 200mm wheels, this sack truck navigates rough surfaces with ease, ensuring smooth operation in any outdoor or industrial setting.

User-Friendly Operation: The throttle handle and battery power meter provide precise control, while the forward and reverse variable drive minimizes effort, boosting productivity and worker comfort.

Built to Last: Proudly designed and manufactured in the UK, the GoodsMan W is backed by a 2-year warranty, delivering long-term reliability and exceptional return on investment.
