

Mortar Tray - Steel

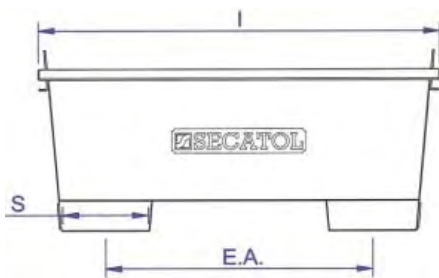

Steel Mortar Tray

The PALBAC mortar tray is designed for efficient handling of mortar, concrete, and other site materials. Its biased front section eases loading with shovel or trowel.

Dual handling – crane lifting eyes (upper and lower for optimised unloading on 360/500L models) and reinforced fork pockets for forklift.

Stackable for convenient storage.

Model Ref	Capacity (ltr)	SWL (kg)	Weight (kg)	L (mm)	I (mm)	H (mm)	h (mm)	EA (mm)	S (mm)
MTRAY-360	360	900	59	1200	1270	445	390	845	270 x 95
MTRAY-360-HD	360	900	135	1200	1290	445	390	845	270 x 95
MTRAY-500	500	1200	68	1200	1270	580	520	845	270 x 95
MTRAY-500-HD	500	1200	158	1200	1290	580	520	845	270 x 95
MTRAY-660	660	1600	98	1229	1403	710	655	630	300 x 95
MTRAY-1000	1000	2400	145	1958	1152	810	750	850	470 x 95

Optional Extras

- Galvanised Grating
- Tipping System
- Drum Stand For 1 x 200L Drum
- Drum Stand For 2 x 200L Drums

Features & Benefits

- Biased front for easy shovel/trowel loading
- Dual handling – crane eyes (upper/lower for optimised unloading on 360/500L) and reinforced fork pockets
- Stackable design for efficient storage
- Robust construction for site durability
