

Universal Carrying Cage

The Universal carrying cage is engineered for flexibility, making it ideal for transporting various products to and from your workplace.

This robust cage can support loads of up to 2500kgs, easily manoeuvred by a forklift, and features lifting eyes for crane operation.

It is designed to fit a standard Euro pallet and can also hold a typical 1100-litre wheelie bin. Access is convenient, with options for a side ramp or swing doors. These tested and certified cages ensure safe transport of goods, preventing any risk of spillage.

Model Ref	SWL (kg)	Height (mm)	Width (mm)	Length (mm)	Weight (kg)
TP-UNIVERSAL	2500	1600	1500	1400	330
