

Multi Purpose Bucket

The Multi Purpose Bucket is designed to offer long term reliability for a host of applications such as mucking out and moving straw etc.

Keeping with the increased capacities of modern machines, the Bucket's Grab is based on our ultra Heavy Duty Fork and Grab range

Model	Width	Height	Depth	m ³	CuFt	Kilos
CB26W	2450 (8')	1040	930	1.56	55	700
