

## Manure & Silage Forks (Loader/Skidsteer Models)

Our range of Manure/Silage Forks provide a heavy duty option for loading and moving a variety of material. Available with either 2" KV type or Hardox tines as standard, the base tines can also be spec'd at 1400mm long for grass applications.

The fork back can also be manufactured to suit your preference. As standard the fork comes with a fully tube style back, but you can have with a plated middle to protect the machine's headstock, or a fully plated back with cut outs for visibility

Model	Width	Height	Depth	m <sup>3</sup>	CuFt	Kilos	Tines	No
CF01FE190K	1980 (6'6")	600	810	1.19	42	370	KV Type	11
CF01FE200K	1830 (6')	600	810	1.05	37	360	KV Type	10
CF01FE220K	1680 (5'6")	600	810	0.96	34	330	KV Type	9
CF01FE230K	1525 (5')	600	810	0.88	31	300	KV Type	8
CF01FE240K	1370 (4'6")	600	810	0.79	28	270	KV Type	7
CF01FE250K	1220 (4')	600	810	0.71	25	240	KV Type	6
CF01FE120K	1220 (4')	490	680	0.35	12	210	KV Type	6

### Features

**Tine Option** to suit your application
