

Work Platforms - Economy

Our best selling Economy platforms offer the ideal solution to your needs when elevation is needed during non-routine, emergency tasks such as building maintenance, high level racking inspection, high bulb changing etc.

All platforms come supplied with safety harness rails and positive heel locking

A superior range of platforms manufactured to a high specification

Model Ref	No of People	Method of Entry	Weight (kg)
WP-ECONOMY	1-2	Step Through Rails	92

Features & Benefits

- Security locking system to fork heels ensure the work platform is safely secured to the lift truck
- Full length fork pockets to provide complete platform stability
- Harness anchorage points and in-board handhold points for operator safety
- Perforated back mesh ensures a barrier between the operator and hazardous areas of the lift truck
- Anti slip floor tread with drain holes to avoid accumulation of water and risk of slipping
- Kick rail to all sides prohibits items left on the floor of the platform from falling out
- Complies with Guidance Note PM28 (Fourth edition)

Work Platforms - Economy
