

Simple to operate, robust and extremely effective at sweeping large areas, this magnetic sweeper comes with the added feature of a non-magnetic stainless steel plate to allow easy release of magnetic materials

Constructed to give excellent durability, the magnetic sweeper can be simply fitted to the forklift forks via its large 180mm wide fork pockets.

With a permanent magnet that does not require a power source, this magnetic sweeper will last indefinitely, if not abused.

Recommended sweeping height 75mm
