## Features & Benefits

- Raised meshed extension sides, ideal for low weight high volume product such as cardboard
- Full width release handles eliminates need to lean in between the skip and truck mast
- Heavy duty steel underframe offering long service life properties
- Twin locking mechanism for added safety to ensure skip is locked if loaded unevenly
- Pre-drilled castor plates for retro fitment of castors (no welding required)
- Safety security chain to ensure safe retention to forklift truck
- Bolted tipping handle for easy replacement (no welding required)

Skips can be colour coded to adhere to stringent and environmental policies
