

Why buy Contact base emptying stillages ?

No Quibble Guarantee:

If you are dissatisfied in any way with your Contact base emptying stillage's performance, return it to us, and we will refund you in full.

Tested & Certificated:

All Contact's forklift base emptying stillages are 'CE' marked, fully tested and and come supplied with Certificates of Conformity for compliance with Health & Safety regulations

Low Servicing Costs:

Semi Automatic in operation, Contact's bottom hinged skip comes with a manual wire pull cord release. With few mechanical parts, servicing and maintenance costs can be kept to a minimum.

Easy Stacking & Storage:

Pallet feet come fitted as standard to Contact's base emptying stillages, making them suitable for stacking and storage.

Self Locking:

To speed up operations, the base on Contact's bottom hinged skip will automatically re-lock, once the forklift stillage is lowered to the floor.

Secure Fixing To Forklift:

To ensure the base emptying stillage is safely and securely fastened to the forklift truck, all Contact's forklift bottom hinged skips come fitted with a safety security chain as standard.

We hope the above helps demonstrate the quality and features of a Contact base emptying stillage, and welcome the opportunity to supply you with a high quality bottom release skip to assist with your material handling needs.
