

Why buy Contact's forklift brushes & brooms ?

No Quibble Guarantee:

If you are dissatisfied in any way with your Contact forklift brushes performance, return it to us, and we will refund you in full.

Tested & Certificated:

All Contact's forklift brushes are 'CE' marked, fully tested and and come supplied with Certificates of Conformity for compliance with Health & Safety regulations.

Effective Sweeping:

With durable polypropylene bristles, 5 rows, 8 rows or 11 rows, Contact's forklift brushes and broom sweepers will provide an effective yet simple solution to your yard sweeping requirements.

Long Service Life:

Manufactured from either solid aluminium or high tensile steel mainframes (model dependant) , you can be assured Contact's push broom sweepers are designed to meet the requirements for all indoor or outdoor sweeping duties.

Minimal Maintenance:

Due to the simple design, service and maintenance costs can be kept to a minimum with Contact's forklift brushes. With minimal moving parts, virtually maintenance free sweeping can be achieved.

Easy Fitment:

With either 'T' screw retention, chain retention or fork sleeve retention (model dependant), Contact's push broom sweepers can be safely and securely fitted to the forklift truck.

Safety:

Contact's forklift brushes offer a safe and efficient design to help reduce accident risks to personnel in the yard or warehouse.

We hope the above helps demonstrate the quality and features of a Contact forklift brushes, and welcome the opportunity to supply you with a high quality forklift push broom sweeper to suit your sweeping operations.
