

Why buy Contact's forklift towable salt spreaders ?

No Quibble Guarantee:

If you are dissatisfied in any way with your Contact forklift towable salt spreaders performance, return it to us, and we will refund you in full.

Tested & Certificated:

All Contact's towable salt spreaders are 'CE' marked, fully tested and and come supplied with Certificates of Conformity for compliance with Health & Safety regulations.

Large Capacity:

With a large 190 litre, non corrosive capacity hopper, Contact's forklift salt spreaders are the ideal low cost solution for simple and effective forklift salt gritting.

Suits Most Vehicles:

Supplied with a towing eye or ball hitch, Contact's salt spreader can be used on a wide range of vehicles for maximum versatility.

Even Spread:

Fitted with a galvanised actuator, Contact's salt gritter allows for a smooth and even spread everytime. The actuator also eliminates salt from getting clogged on discharge

Controlled Discharge:

To control the amount of salt being discharged from Contact's salt spreader, all salt spreaders come supplied with a flow control lever, allowing the operator to control the amount of spread and coverage while in use.

Safe:

To prevent any risk of injury to upper body limbs, all Contacts forklift salt gritters have a grilled mesh guard to protect the operator from the spinning actuator.

We hope the above helps demonstrate the quality and safety features of a Contact towable salt spreader, and welcome the opportunity to supply you with a high quality salt spreader for all you ice gritting requirements.
