

## Why buy Contact goods transfer platforms ?

### **Tested & Certificated:**

All Contact's goods transfer platforms are 'CE' marked, fully tested and and come supplied with Certificates of Conformity for compliance with Health & Safety regulations.

### **Handle Products Safely:**

Goods that are too big or awkward to be manually or forklift handled, can be easily handled using one of Contact's goods carrying platforms. Safe transfer of products can be accomplished in a risk free manner.

### **Easy Loading & Un-Loading:**

Fitted with a 20 degree ramp, wheeled products can be easily loaded and unloaded into the forklift transfer platform.

### **Positive Locking To Forklift:**

To securely fasten the Contact forklift transfer platform to the forklift, heel retention pins are used to pin the forklift platform to the forks of the truck.

### **Built For You:**

To ensure 100% compatibility with the goods that need transferring, Contact's forklift transfer platforms are designed to suit your requirements. Length, width & height are all taken into consideration to ensure the attachment is perfect for your needs.

We hope the above helps demonstrate the quality and safety features of a Contact goods carrying platform, and welcome the opportunity to supply you with a high quality forklift transfer cage to suit your material handling requirements.
