

Why buy Contact wheelie bin tippers ?

No Quibble Guarantee:

If you are dissatisfied in any way with your Contact forklift wheelie bin handlers performance, return it to us, and we will refund you in full.

Tested & Certificated:

All Contact's forklift wheelie bin tippers are 'CE' marked, fully tested and and come supplied with Certificates of Conformity for compliance with Health & Safety regulations.

Suitable For All Wheelie Bin Sizes:

With the range of forklift wheelie bin handlers that Contact supply, you can be assured there is a model to suit the size of your bin requirements. With quick and simple operation, our wheelie bin tippers offer a safe and efficient way of emptying wheelie bins through use of a forklift truck

Safe Fastening To Forklift:

For added safety, Contact's wheelie bin tippers come supplied with twin heel fixing and pin retention to ensure the wheelie bin handler is safely secured to the lift truck.

Automatic Operation:

To eliminate operator downtime when using a Contact forklift wheelie bin handler, some of the wheelie bin handler models come with fully automatic operation, necessitating only the need to pivot the wheelie bin over the side of the waste receptacle for emptying.

Durability:

All of Contact's wheelie bin tippers and handlers are manufactured from robust circular hollow section steel, ensuring longevity under cyclic loadings and safe use over a long life span.

We hope the above helps demonstrate the quality and safety features of a Contact wheelie bin handler, and welcome the opportunity to supply you with a high quality forklift wheelie bin tipper to suit your waste handling requirements.
